

Record Setting Delta Life and Productivity.

Reduce Your Refractory Cost Per Ton.

50% LONGER DELTA LIFE.

Metshield™ deltas are smashing records for campaign life, reducing downtime and increasing productivity.

With exceptional thermal/abrasion resistance, high hot/compressive strengths and chemical/alkali resistance, *Metshield™ provides:*

- The lowest delta cost per HMTP
- Increased tons/campaign
- Reduced labor cost for delta change
- Improved safety, reduced exposure

EAF PROVEN TECHNOLOGY & VALUE

Metshield™ deltas are delivering increased EAF performance and value across the industry. We can improve your delta life and reduce your refractory cost per ton.

Let us prove it.
